About the Presenters

Melissa Jaegle, Owner of Master Consultants
Melissa has effectively worked with over 400 companies with her key expertise in Emotional Intelligence. Her number one goal is to see individuals experience a quality of work and personal life.

Linda Valley, Senior Consultant
Linda has a MA and a BS in English, and uses her gifts of teaching and encouragement to support others. She is a proven servant leader in both business and education fields.

Agenda

Session One: 7 Keys to Conflict Resolution

This session supports each participant to deal strategically with problems and confront issues that directly affect performance, productivity and profits. We will work through the tactical stages toward managing time, energy, and efforts in resolving conflict.

Lunch Interactive Topic: Controlling Workplace Culture

Your attitude matters! Dealing with and effectively managing the role you play as well as recognizing and preventing "Debbie Downers culture"

Session Two: Identifying 3 Key Learning Styles

We will address key character strengths that will help determine the ways we perform. This understanding helps adapt effectively to both formal and informal leadership and building a better team.

Session Three: Discovering Your Emotional Quotient

There are 6 types of personality areas that are conditioned toward developing our attitudes, behavior, and outcomes.
