About the Presenter: Tommy Lee | TomKat Safety

Tommy Lee is the Owner & Founder of TomKat Safety, with more than 20 years of hands-on experience in the construction industry, ranging from roofer/framer to high-elevation iron worker. In May 2006, Tommy left the working part of the construction industry to join Guardian Fall Protection Inc. (a major manufacturer of construction safety and fall protection equipment), first as the Director of Quality Assurance and then as Director of Training. In this capacity, he became a certified expert in all federal and local governmental safety requirements as they apply to fall protection and related safety issues. He has developed and delivered a wide spectrum of basic and advanced training courses designed to meet all regulatory requirements. With a combination of practical construction experience and an extensive knowledge of current safety requirements, he is an exceptionally effective instructor. He has conducted hundreds of basic and advanced training and certification courses in virtually every state in the USA as well as the Netherlands, Austria, Singapore, Canada, and Central/South America.
