

Eight Opportunities for BCA Involvement

Through Service as a BCA Committee Volunteer

Consider broadening your involvement with BCA by volunteering to serve on one of our eight standing committees. Committee service is a great way to maximize the return on your membership investments, meet and network with other members, and become better acquainted with the overall activities of the Association.

When considering which committee to be involved with, consider your interests and expertise and match them to BCA's areas of work. You are welcome to attend any of our upcoming committee meetings as a guest to learn more about them before committing to one. For more information about volunteering to serve on a committee, please contact BCA Executive Director at 260 483-9596 or email mail@bcani.org.
