CAGERS IS TYPICALLY SCHEDULED ON THE FIRST TUESDAY OF EACH MONTH, RUNNING FROM SEPTEMBER TO MAY

NOVEMBER PROGRAM

INNOVATIVE HOUSING PROJECT

The City of Fort Wayne partnered with Royal Development to undertake the Innovate Housing Project. Four types of homes—Container, Algorithm-Driven, Eco-Post Frame, and Modular—were introduced to the Fort Wayne market and built in the East Central neighborhood. These prototype homes demonstrate the potential for sustainable, diverse, and accessible infill housing options that reflect creative design solutions.

The project's primary purpose was to become familiar with each construction type's feasibility while navigating zoning regulations and building permit processes. The goal was to stimulate infill housing in urban areas to help address the housing shortage and revitalize neighborhoods.
